

WORLD CUP FEVER HITS GLOSSOP

Steve Brackenridge and Mark Jennings had a mission back in 2006 to provide a fun and professional way for young people to enjoy and participate in sport.

Peak Active Sport offers children from age 4 up to 16 the opportunity to learn and play Soccer & Multi-Sports on a weekly basis at one of our "Weekend Clubs".

**REGISTER ON THE DAY
 JUST TURN UP AND PLAY!**

Since then, the blue tracksuits of the PAS team are well recognised and welcomed by many schools and organisations across the High Peak and beyond. Glossop Life caught up with Steve Brackenridge on one of their popular holiday camps to find out what they have planned for 2014. "Children get really excited about major sporting events and they are already aware of the build up to the Brazilian World Cup and the Glasgow Commonwealth Games, both taking place this summer. So to capture the imagination and inspire more children to take part in sport, our weekend and evening clubs are all themed around these two huge events. We have lots of exciting activities planned for our soccer sessions, and with up to 18 different multi-sports to participate in, we really can't wait to develop the next generation."

After the Christmas holidays, PAS are back in schools delivering PE and extracurricular activities, but it won't be long until the February half-term is with them. During each half-term and holiday, the PAS team are busy running a range of holiday and adventure camps. Holiday camps are always based on soccer and multi-sport activities and every day is different with various sports and wacky competitions. Adventure camps are either residential or non-residential and cater for the more adventurous individuals. Activities such as rock climbing, raft building, abseiling, archery and so much more is on the menu. Look out for their flyers or visit their website to find out more about these superb holiday activities.
